

DIY Bunny garland paper templates

I'm glad that you decided to make your own Easter Bunny garland.

With these templates, you only need to download, print them, and cut the shape of the bunny.

I have created these 3 different size bunny templates so you can choose for whatever project you need.

In our YouTube video, we used the small size bunny pattern, but the tutorial applies to any size of the bunny.

Help yourself with the video tutorial from our YouTube channel to get this project done quickly and easily.

Find here the link to the video tutorial:
